WHAT'S NEW AT THE SKI RESORTS

L'EST GO!

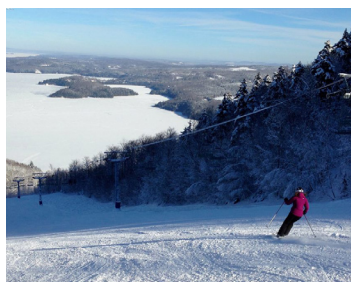

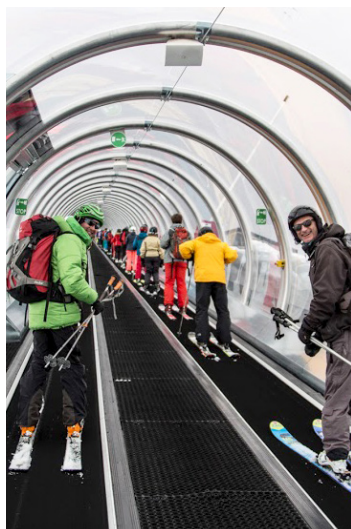

This winter, at all four ski centres, you can get up to **40% discount** off the regular price! All you need is a **L'EST GO Card**.

At **Bromont, montagne d'expériences**, the hybrid lift and the new chalet at the peak of the mountain is expected to draw dozens more ski aficionados, day and night.

Mont Orford has enlarged its ski chalet, added an outside agora and installed a magic carpet (entirely covered), augmenting its many (and varied) ski facilities.

Mont SUTTON has upgraded its snowmaking and trail maintenance system and added a coffee bar and restaurant at the base of the mountain. They will be open in time for the fall colours and will remain so through to the spring ski season!

Owl's Head has also upgraded its snow-making system and it has completely renovated its ski chalet. Skiers can enjoy spectacular views over Lake Memphremagog, as well as a new selection of gourmet food.

FUN IN THE GREAT OUTDOORS!

PARC NATIONAL DU MONT-MÉGANTIC

Snowshoeing along a trail lit by flaming torches, combined with a fascinating evening of astronomy – a memorable experience.

SKATING ALONG THE LAKE

A 3-kilometre long skating rink along the shoreline of Lake Memphremagog, set against the backdrop of Mont Orford – the ultimate winter setting!

FAT BIKE

Fat biking is becoming a popular activity and in the Eastern Townships there are many places to sample this burgeoning sport – family outdoor centres, challenging mountain runs and a variety of circuits. There are nine venues in all where you can practise this new version of pedal power!

CROSS-COUNTRY SKIING AND SNOWSHOEING

The Townships is a choice destination for outdoor lovers! There are so many places where they can enjoy their favourite sport – golf courses, national parks, mountain tops, historic sites. The list goes on...

INDULGE YOURSELF

REST AND RECREATION

Need to relax in the heart of nature? How about booking one of the environmentally friendly accommodations at the Station du Chêne Rouge in North Hatley or a treetop eco-cottage at Laô Cabines in Racine?

SPAS

There are around 20 spas in the region, each with their own distinct personality. Gourmet meals, cozy accommodations, à la carte treatments, urban and rustic interiors - all of them, however, dedicated to making spa-goers feel on top of the world!

BEER, BEER AND MORE BEER!

Trendy IPAs, traditional German-style beers. Rum, maple and fruit beers... Beers to accompany tasty food. Beers drunk in downtown venues or in a setting surrounded by nature. In the Townships, with 20 microbreweries to choose from, you'll have no problem finding a brew to tempt your taste buds!

UNIQUE EXPERIENCES

SKI AND HORSES

How about skiing while being pulled along by a horse? Skijoring, a Nordic winter sport, is now being offered at Stukely-Sud.

PARK AND ZOO

Nocturnia is a winter hike during which you light the way along a snowy trail, holding a coloured lantern. This activity is at **Yamaska National Park**, which also offers ice fishing - a couple of experiences that will appeal to those looking for something different. Elephants, red pandas and zebras are native to hot, tropical countries but you'll also find them at the **Granby Zoo**, even in the dead of a Quebec winter!
