

# Beans & Brews

Great company, great coffee or beer... Is there anything better? If you're looking for a place to sip and savour, know that there are 17 [Cafés de Village](#) and 19 [Brasseurs des Cantons](#) microbreweries in the Eastern Townships—each more welcoming and charming than the next.

Locals and visitors alike gather at Cafés de Village bistros and coffee shops. They are pillars of the community, and the perfect place to exchange with locals if you're just passing by. Hungry? Most serve quick and healthy fare featuring terroir flavours, plus coffee and local wine and beer. You'll also find an array of regional products sourced from [Créateurs de Saveurs](#) producers.

If a pint is what you're after, you'll be very well-served in the Eastern Townships. In fact, our top microbreweries have their own designation: [Brasseurs des Cantons](#). And with the popularity of craft beer on the rise, it's no surprise to see beer events and festivals popping up, including [Dégustabière](#), the [Grande Coulée](#), and, for the first time in May 2018, Sherbrooke's [Festibière](#).

Cheers to the flavours of the Eastern Townships!
